

## **ISDH Hires New Enteric Epidemiologist**

**Lee Bray**, formerly of the ISDH Food Protection Program, has joined the ISDH Epidemiology Resource Center as the new Enteric/Foodborne Disease Epidemiologist. His responsibilities will include enteric disease outbreak investigation, reportable enteric disease surveillance and case investigation, and enteric disease data analysis. Lee may be reached at 317-234-2808 or [lbray@isdh.state.in.us](mailto:lbray@isdh.state.in.us). This position was formerly held by Pam Pontones, currently the Field Epidemiology Director.
